Pre-lab checklist

Before every lab: procedure read, hazards known, PPE ready and questions written.

NAME _____ DATE _____

LAB _____ DATE _____

BEFORE THE LAB

- [ ] Read the full procedure
- [ ] Wrote the objective in my own words
- [ ] Checked hazards and safety data for each chemical or tool
- [ ] Know where the eyewash, shower and extinguisher are
- [ ] PPE ready (goggles, coat, gloves, closed shoes)
- [ ] Prepared data tables
- [ ] Pre-lab questions done

QUESTIONS FOR THE TA
