My province's newcomer page		
My school's international student office		

SOURCES (CHECKED 2026-11-27)

IRCC's Settling in Canada page says: 'Settling in a new country can be an exciting, but challenging experience. The information and resources in this section will help you transition smoothly to everyday life in Canada.' The page links pre-arrival services, housing, education, language learning, and a way to find newcomer services in Canada. IRCC also notes changes, starting 1 April 2026, to the eligibility period for newcomer services for economic class permanent residents — read IRCC's own page for that rule. This is official IRCC information, not advice on a permit or who can use a service.

Ontario's official Newcomers page describes the Newcomer settlement program as help to 'Get settled in your community; find housing, a job or childcare service; register your children in school; and access other programs.' It also links Ontario Bridge Training, adult language training, and other newcomer programs. Use the official page for program details. This site does not say whether any person qualifies. https://www.ontario.ca/page/newcomers (checked 2026-11-27)
